

Product Range

Fine & Specialty chemicals are generally perceived as standard fit for all offering. Today, customer wants these chemicals as custom-built, custom-packed to their requirements. Our MAX series is a portfolio of fine & specialty chemicals that go beyond what is standardly available and provide 'customised solutions' as per the client's needs

Customised as per your needs...

- Customised impurity profiling and quality control
- Customised packaging options
- Customised inventory point creation in supply chain

Plastics & Rubber Additive

Product Name	Packaging	Application
Chlorinated Paraffin (MCCP & LCCP)	265 KG Drums , 1250 KG IBC , Bulk	Secondary Plasticizer in PVC Compounding
Di Butyl Maleate	225 KG Drums , 1000 KG IBC , Bulk	PVAc based adhesive , Sulfosuccinates
Di Octyl Maleate	225 KG Drums , 950 KG IBC , Bulk	Pressure sensitive adhesives
Di Octyl Phthalate	225 KG Drums , 970KG IBC , Bulk	Primary Plasticizer in PVC
Di Iso Nonyl Phthalate	235 KG Drums , 950KG IBC , Bulk	Primary Plasticizer in PVC based applications & Sealants
Di Butyl Phthalate	235 KG Drums , 1050KG IBC , Bulk	Nitrocellulose , PVA based Adhesive , PVC based applications
Di Octyl Adipate	190 KG Drums , 900KG IBC , Bulk	Low viscosity plasticizer for Cellulose esters and PVC : Used as a Solvent
Di Iso Butyl Phthalate	235 KG Drums , 1000KG IBC , Bulk	Used as a plasticizer in Poly Vinyl Acetate emulsions and as a solvent in Peroxide and other organic compounds
ESBO	235 KG Drums , 1000KG IBC , Bulk	Used as plasticizer & Co Stabilizer inPVC
Di Basic Lead Phosphite	25 Kg Bag	Light & Heat Stabilizer for Vinyl Chloride resin
Di Basic Lead Phthalate	25 Kg Bag	Heat Stabilizer
Di Basic Lead Stearate	25 Kg Bag	Stabilizer & Lubricant
Tri Basic Lead Sulphate	25 Kg Bag	Heat Stabilizer for PVC
Lead Oxide	25 Kg Bag	Heat stabilizer
Precipitated Silica	25 Kg Bag	Film, transparent sole of footwear, PVC/PP masterbatch
